DETAILED ACTION

1. This action is in response to amendment received on 9/16/04. Claims 1-10 are pending.

Allowable Subject Matter

2. Claims 1-10 are allowed.

REASON FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The claimed invention is allowable over the art of record in view of applicant's argument presented in the Remarks of the above amendment that the applied art fails to disclose the claimed invention because the applied art fails to disclose a clock supply control apparatus which controls supply of a clock signal to first and second devices of a computer system, wherein the first device is operable with a clock signal from a clock generating unit and outputs an interrupt signal to an interrupt signal line regardless of whether a clock control signal is set at a clock supply inhibition level or a clock supply allowance level.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

4. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

5. Pursuant to MPEP 606.01, the title has been changed to read:

**-- A CLOCK SUPPLY CONTROLLER SUPPLIES AN INDEPENDENT CLOCK
